

The 3rd International  
**IEEE**  
**Neural** Conference  
**EMBS**  
on  
**Engineering**

May 2-5, 2007  
The Fairmont Orchid  
Kohala Coast, Hawaii, USA

## **Author Instructions**

Before you begin the submission process be sure your paper is formatted according to the Conference Paper Requirements. We have arranged for a manuscript creation/test site, PDFXpress. You can use the templates provided or simply create your manuscript online.

Each Corresponding Author (the author that submits the paper, attends the conference to present the paper and is responsible for communicating with the Conference Organizers and the paper's co-authors) is limited to two submissions for the conference. Each paper submission requires a \$25 paper deposit (non-refundable, non-transferrable). One paper deposit (\$25 only) will get credited towards your registration fee. You can pay the paper deposit in advance by following the link Register Online Now or you can complete the deposit process when you upload your paper (you will be prompted for payment in order to complete the submission process).

Papers are limited to four (4) pages. Submitting less than 4 pages is permissible. Those authors wishing to submit an over-length manuscript may do so. There will be an over-length page fee of \$125 per page and limited to an additional 3 pages (maximum page submission is seven (7) pages). This payment will be required after author notification of accept/decline.

Authors should only submit original, unpublished research to NER-07.

NER'07 will adopt a two step submission process. The Initial Submission will be for review purposes and stamped for confidentiality. After acceptance notifications have been sent, corresponding authors will be required to upload their final paper by the final submission deadline. Only those papers re-submitted by the deadline will be included in the conference proceeding.

### **Online Paper Submission**

### **Manuscript Preparation for Paper Submission**

Detailed information about manuscript preparation for paper submission and required format can be found at the website below.

<http://embs.papercept.net/conferences/support/support.php>

1. Please follow the page margins strictly. Specifically, if you are using LaTeX style files, please ensure that page margins are strictly followed. The paper margin information is available on the link directly above.
2. All submissions must be in US Letter page size format.
3. Final submissions must be in a 2-column format.
4. Do not use page numbers on the manuscript.
5. Only the corresponding author can upload the paper - but any of the co-authors can register for the conference and pay for registration.

Only **PDF files** will be accepted. Click here for the [Requirements for IEEE Xplore PDF](#).
